

OOGIE BOOGIE BASH

So much fun with too little time? Our Oogie Boogie Bash - A Disney Halloween Party plan is personalized with priorities for **families!**

PRE-PARTY TIME (3 P.M. TO 6 P.M.)

Arrive early.

With a party ticket, guests can enter *Disney California Adventure*® Park as early as 3 p.m. Go through the special touchpoints, and you'll receive a wristband, candy bag and event guide. If you're already inside the park prior to 3 p.m., you may pick up these items inside the park.

Take photos.

Get the nice family shot once you arrive before you lose track of time later in the night. Plus, it's still light outside, the tadpoles haven't gotten tired of any accessories and everyone's *hoppy* for the night ahead. Unlimited downloads of *Disney PhotoPass*® Service digital photos are included with party admission, so keep taking photos all night long!

Eat dinner.

Use the pre-party time to eat a full meal. Because time is limited, we'd suggest a quick-service spot to fuel up quickly, or upgrade to a dessert party that includes access to a private parade viewing area.

Identify your top priority characters.

Character greetings can be the longest lines of the night, so you'll need to narrow down which ones you must meet. Once you've decided, get a *jump* start by asking cast members where to line up and *hop* in the queue about 30 to 60 minutes before the party starts. Also, ask cast members how long the characters will appear — they may switch off and/or close the line before the party ends.

Get the wiggles out at Mickey's Trick and Treat.

Go to one of the pre-party showings for this interactive stage show with Mickey Mouse and his friends. Expect lots of dancing, not-so-scary tales and candy — a perfect way for tadpoles to get in the spooky spirit!

PARK PLAN FOR FAMILIES

PARTY TIME (6 P.M. TO 11 P.M.)

Hit the first parade.

It's best to watch the first parade, particularly if you have younger tadpoles who aren't used to staying up past their bedtime. We'd suggest finding a spot in *Paradise Gardens Park* along the parade route, which fills in later, though if you want a curb to sit on, stake out a spot in Hollywood Land about 45 minutes before the parade starts. While you wait, mobile order food if you didn't eat earlier or need a snack.

Trick or treat later.

Save the treat trails until later in the night. If you see a short line in passing, go for it right then! But if there's a long line, skip it and *hop* back later. The longest lines will be for the newest villains, so the themed treat trails of returning villains are shorter at the beginning of the night.

Go on rides.

If you won't have the opportunity again, stop by in *Cars Land*® Area to ride Luigi's Honkin' Haul-O-Ween and Mater's Graveyard JamBOOree once it's dark. Also, check times for any rides that may close early. But if you plan to *hop* back to the park another day, focus on entertainment, characters and treat trails during the party.

Visit the Villains Grove during the second parade.

Explore the Villains Grove at *Redwood Creek Challenge Trail*® Attraction during the second parade for shorter wait times. You'll want to make sure it's very dark to appreciate all of the magical lighting, spooky sounds and shadows. (There is no candy along this trail.)

PARTY TIME (6 P.M. TO 11 P.M.)

Get exclusive treats and merchandise early.

Usually, the exclusive treats and merchandise aren't available until the party officially starts, but popular items may sell out quickly. If there's something on your wish list, scout it out earlier in the night. Stores close promptly at 11 p.m., so be sure to complete any shopping or dining before the party ends.

Skip the first parade.

The second parade is less crowded than the first, so use this time to see the new villains in their themed treat trails or explore the Villains Grove at *Redwood Creek Challenge Trail*® Attraction. You'll want to make sure it's very dark to appreciate all of the magical lighting, spooky sounds and shadows. (There is no candy along this trail.)

Sip and savor spooky drinks and snacks.

Try the new party-exclusive Chili-Cheese Fries from Award Wieners or the Ube Hot Chocolate with Vanilla Vodka from Cozy Cone Motel 1, and other Halloween seasonal bites and beverages.

Go on rides.

If you won't have the opportunity again, make sure to ride Guardians of the Galaxy - Monsters After Dark. Also, check times for any rides that may close early. But if you plan to *hop* back to the park another day, focus on entertainment, characters and treat trails during the party.

Watch the second parade.

We'd suggest finding a spot in *Paradise Gardens Park* along the parade route, which fills in later, though if you want a curb to sit on, stake out a spot in Hollywood Land about 45 minutes before the parade starts. While you wait, mobile order food if you didn't eat earlier or need a snack.
